REPORTED CAPTURED.	Bid.	Ask.
BERLIN, March 1.—Ten Americans were captured by Germans near Chavignon, on the French front, army headquarters announced today.		

A MEASLEY SHAME.	Bid.	Ask.
Just as the students were gathering in the high school assembly hall this morning, and the Bonanza had finished composition on advance sheets of Deputy Revenue Collector Lynch's address to be delivered there, Thomas Lynch, Jr., succeeded in breaking out as red as a rose with the measles. Of course, it was out of the question for the collector to mix with the school children, so the anticipated pleasure of listening to his address had to be postponed.		

## JOSEPH WILLIAMS ACCIDENTALLY KILLED

A distressing tragedy occurred at Hot Creek yesterday afternoon at 3 o'clock, when Joseph Williams, while with his family on a pleasure outing, was accidentally killed. After lunch the Williams family drove up Hot Creek a distance of a mile for a rabbit hunt. Mr. Williams' shotgun was discharged and, turning in his direction, his wife saw him fall, face downward. She left the auto and ran to him, a distance of about 600 feet. On arriving where he had fallen she turned him over on his back, but he could not speak.

It is thought Mr. Williams stepped into a hole or stubbed his foot and in trying to save himself from the fall swung his gun around and in front of him, thus discharging it. The contents of one barrel entered his breast.

Mrs. Williams returned to the car, but she could not start the machine, so, carrying the smaller child and leading the other boy, she ran down the road over a mile to the John Lawton Butler residence. There she met Tom Dugan and he hurried on horseback to the scene of the tragedy, but when he reached the spot Mr. Williams was dead. Mr. Dugan then came to Tonopah, bringing the news of the accident. This morning the coroner and Undertaker Cavanaugh left for Hot Creek.

The deceased was a young man of

most lovable traits. He was born at Hot Creek and spent his entire life there, except when he was in the East attending Winchester academy. He was the son of Mr. and Mrs. Joseph Williams. The father died about eight years ago. He had been a state senator. The mother, a pioneer of the Hot Creek region and one to whom all are endeared and who are most sympathetic, is in Los Angeles and will arrive here Sunday.

The widow, who was Miss Helen Dupont, resided in Tonopah when they were married. There are also two little sons. Mr. Williams leaves two sisters, Mrs. John Lawton Butler of Currant Creek, and Mrs. Victor Brandt of Berkeley.

The deceased was a member of Tonopah lodge No. 28, F. & A. M., Tonopah lodge No. 1062, R. P. O., Elks, and Mizpah lodge No. 26, Knights of Pythias. He was aged 25 years. No arrangements have yet been made for the funeral, but it will probably take place at Hot Creek.

The untimely death of Joe Williams, who was beloved by all his acquaintances, has cast a deep gloom over this community, and words of sorrow and sympathy are expressed by one and all who knew this sterling young man in life's walks.

## 300 MEN ENROLLED OUT OF 386 NEEDED

A total of 308 skilled mechanics, carpenters and other skilled laborers have enrolled in the shipyard volunteers to date, with about 190 more needed to fill Nevada's quota of 386, according to advices from the office of C. S. Knight, state director public service reserve.

Men who are skilled in wood and steel working; men who are willing to perform a patriotic, honest day's work at fine wages and under excellent living and working conditions; men who are willing to devote their time to overcoming the German submarine menace, are urged to see R. Fred Brown at once, that they may be classified in this reserve, which is scarcely less important than actual trench fighting.

## TODAY'S WAR NEWS

(Continued From Page One.)

other points along the Siberian railway from falling into the hands of the Bolshevik or the Germans. Viscount Motono, the Japanese foreign minister, recently spoke on the subject and advices from Paris say that it is believed there that Motono's words were Japan's answer to General Foch's appeal to Japan and the United States to take steps in Siberia.

It is admitted at Washington that the matter has been discussed in official circles, but there is much reticence on the part of men closely identified with the administration. No words as to the probable policy of the United States has as yet been given out.

French and British troops have carried out raiding operations against the enemy. The French operations were centered at Verdun and the English on each side of the Scarpe river. In both cases prisoners were brought back by the raiders. On the Italian front there have been encounters by small detachments and at points the artillery engagements have been quite lively. The forces of the contending armies have been busy and several small Italian towns have been bombed by the Teutonic aviators.

Only thirty-eight persons out of 182 on board the British hospital ship Glenart Castle, which was sunk by a submarine in Bristol channel, have been landed. Among the 144 missing are seven female nurses.

## RAILROAD BILL PASSES.

WASHINGTON, March 1.—The bill to govern federal operation of railroads was passed by the house by a vote of 337 to 6.

The house also reversed itself on the provision limiting government operation after the war and by a vote of 206 to 165 restored the two-year limit.

The house reversed its action also and voted 211 to 165 to place the rate-making power in the president's hands.

## BIT BY A DOG.

Louis Daoust, a paper carrier for the Bonanza, was severely bitten by W. H. Blackburn's Llewellyn setter last evening while he was delivering papers. The dog sprang at Louis' throat and set his fangs in his jaws, biting through to the teeth, one of which was knocked out. The carotid artery was missed by the fraction of an inch.

## "WE MELICANS SELLEE NO POLK TUESDAY"

Tom Kim is there with the patriotism. A rough guy came in from the hills Monday and the following morning went into Paddy Mooney's and gave the good looking waitress an order for ham and eggs. It being porkless day, the waitress explained to the T. G. that she could not serve ham and. The T. G. was peeved and said he would go where he could get what he wanted, and proceeded to Tom Kim's chop suey emporium, where he gave the same order. The waiter went into Tom's office and said there was a bad looking man in the dining room who wanted ham and. Tom scratched his head a second, then went in and said to the T. G.: "What's mattia, you no American? We Americans no sellum polk Tuesday."

## JOHN HANNIGAN DIES WITH LUNG TROUBLE

A telegram reached Tonopah this afternoon telling of the death of John Hannigan at Colfax, Cal., where he went a month ago suffering from lung trouble. It is news that will stir as well as grieve, for it was not generally known that his condition had become critical.

Mr. Hannigan came to Tonopah at about the time of the Belmont disaster, when his brother lost his life. He since that time conducted the Tugery. He has no near relatives here.

## DEBATE IN SENATE HAS BEEN CONCLUDED

WASHINGTON, March 1.—Senate debate on the administration bill to establish a war finance corporation with resources of \$4,500,000,000 to aid war industries and power to veto non-essential financing, virtually was concluded late yesterday and consideration of the finance committee's amendments began.

Without discussion the senate adopted an amendment giving President Wilson, instead of Secretary McAdoo, power to appoint the four directors of the corporation.

## TONOPAH ELKS VISIT GOLDFIELD BRETHREN

About twenty-five of the Tonopah Elks journeyed to Goldfield last evening to participate in the initiation of a class that was a credit to 1072. The initiatory services were rendered in a masterful way by the officers of the lodge, but the goat was more unruly than usual. District Deputy Grand Exalted Ruler H. H. Atkinson delivered one of his usual eloquent addresses on Elkdom and patriotism. The Goldfield lodge extends an invitation to the public to the dedication exercises of their service flag, which will be held Saturday evening, March 9, to be followed by a jitney dance, the proceeds of which will go to the Red Cross.

## WOMEN'S CLUB TO HAVE FOOD SALE

## DOMESTIC SCIENCE CLASS IS PREPARING HOVERIZED DELICACIES.

At the Woman's club food sale Saturday there will be many good things to eat, as usual, but they will conform strictly to the regulations laid down by Mr. Hoover. Anyone who wishes to get a line on the new cookery should drop in and see the tempting gingerbread, honey cakes and all the rest of the tempting display. There will be no frost-layer cakes, as they are at present distinctly unpractical, but good food there will be in abundance.

Members of the domestic science class of the high school are making most attractive individual pies and delicious potato salad for the sale. It is a privilege for the public to be able to get the good things prepared by these young cooks and they should be encouraged in their studies of the culinary art.

## CARPENTERS' UNION EVIDENCE PATRIOTISM

## CHECK FOR \$50 SENT NATIONAL SURGICAL DRESSINGS COMMITTEE.

The carpenters' union showed its patriotism in a thoroughly practical way a few days ago by sending the N. S. D. a check for \$50. The contribution came as a most pleasant surprise, being entirely unsolicited, and the organization sending it may feel assured that it will be used to the best possible advantage for our boys "over there."

Contributions coming as this one did put new life and courage for redoubled efforts into the hearts of those who are working so hard to carry on this particular branch of patriotic endeavor, showing as it does that all are standing together, shoulder to shoulder, to conquer the Hun.

## WARNING IS GIVEN TO GERMAN BUSINESS MEN

(By Associated Press.)

WASHINGTON, March 1.—An overwhelming vote in favor of a resolution warning German business men that an economic combination will be formed against Germany after the war unless the danger of excessive armament is removed by making the German government a responsible instrument controlled by the people, was announced last night by the Chamber of Commerce of the United States at the conclusion of a preliminary canvass of its organized members. The vote as recorded to date is 1,204 to 134.

Turner Had His Way.

The late J. M. W. Turner, one of England's most famous artists, served for some time on the hanging committee of the Royal academy, and one day when he strode into the picture rooms he was struck by a picture sent in by an unknown provincial artist of the name of Bird. Turner took it into his hands and examined it this way and that. "A fine work," he exclaimed. "It must be hung up and exhibited."

"Impossible," responded the other members of the committee. "The walls are full, and the arrangements cannot be disturbed."

"A fine work," repeated Turner. "It must be hung up and exhibited." And, finding his colleagues to be as obstinate as himself, he hitched down one of his own pictures and hung up Bird's in its place.

## AMUSEMENTS

## VAUDEVILLE AT THE BUTLER.

Vaudeville—vaudeville—vaudeville. It has been a long time since we have had the pleasure of "hanging out the sign," but Tom Wilbur, the talented young entertainer, has made it possible, and will appear this evening at the close of the first show in an earnest endeavor to please the Butler patrons with the latest and up-to-date songs. And the picture, "The Wild Strain," is the work of George Randolph Chester and Lilian Chester, well known for their novels and stories published in the Red Book and other magazines. It also heralds the return of Nell Shipman, after her long vacation to the West Indies. The story is that of a young girl, the daughter of parents who boast immaculate lineage, save for one ancestor who was a bandit. The blood of this eighth great grandparent pulses in the veins of the girl and leads her to daring escapades, including a performance in a circus ring. Seated on the back of a galloping horse is nothing new to the life of Nell Shipman, but clinging to the bare back of a circus horse while attired in a slippery evening gown is a quite a different matter. Nothing daunted, however, Miss Shipman attempted the seeming impossibility and "got away with it." The story from which "The Wild Strain" is adapted is "The Eighth Great Grandparent." A Bib V comedy, "Tough Tuffs and Roofs," will accompany the feature, making a picture and vaudeville program which will be sure to please all.

Tomorrow, Emily Stevens, of "The Slacker" fame, in "Outwitted," and another one of those Sunshine comedies, "Damaged No Goods," which are at any time worth the price of admission alone.

## SOCIAL SESSION HELD.

After the business of the meeting was concluded last evening, Tonopah lodge No. 974, Loyal Order of Moose, held a social session. Beer and sandwiches were served and the brethren were entertained by local talent.

## ARM CRUSHED IN MILL.

Claude Pallanda, who is employed by the Tonopah Extension Mining company, had the misfortune to have his left arm caught in some gearing in the mill at 2 o'clock this morning. He was taken to the Mine Operators' hospital, where the arm was amputated just below the elbow.
